

# CRICO Attribution Statements Policy

This Attribution Statements Policy provides guidelines to ensure that there is appropriate acknowledgement of CRICO/RMF in publications of research articles.

There are **three categories** of research articles that require attribution statements:

1. **CRICO/RMF-funded with high participation:** All funding of research is provided by grants from the Risk Management Foundation of the Harvard Medical Institutions. High participation occurs when a CRICO/RMF employee was an author or provided help and guidance in conducting the research.
2. **CRICO/RMF-funded with research done independently:** The study was funded by RMF, but no CRICO/RMF employee was an author or provided help and guidance in conducting the research.
3. **CRICO/RMF-assisted with no funding:** The study was not funded by RMF, but CRICO/RMF provided claims data and/or expertise.

--Attribute Details by Category are Listed Below--

---

## CATEGORY 1: CRICO/RMF-FUNDED WITH HIGH PARTICIPATION

**Funding Statement** (dependent on individual journal guideline)

**Shall read as follows:**

- *Supported by a grant from CRICO/  
Risk Management Foundation of the Harvard  
Medical Institutions.*
- OR**
- *This study was supported by a grant  
from CRICO/Risk Management  
Foundation of the Harvard Medical  
Institutions.*
